TERM 3 WEEK 9 2013

"What we instil in our children will be the foundation upon which they build their future." — [Steve Maraboli](#)

PRINCIPAL'S REPORT

Kindergarten 2014

Is your child coming to Kindergarten next year?? If so please let the office know so we can keep you up to date with things that will be happening next term for those children.

Do you know a neighbour or friend who has a child starting Kindergarten at Guise next year?? If so please have them give the office a ring on 9605 4397 or drop in so they don't miss Kinder orientation next term.

Election BBQ

I'd like to personally say a huge thank you to Jo Lester on behalf of the school community for her tireless efforts organising and running the Election BBQ on Saturday. Thanks to Jo and her few helpers the P&C was able to raise \$200 to go towards resources for the children.

A great result after such a lot of work and effort!!

Stage 3 Camp

Years 5 & 6 have returned from camp tired but very happy after their 3 day adventure. The children took part in bushwalking, kayaking, archery and more over their time away.

A huge congratulations to the children who, without an exception, represented Guise Public School perfectly demonstrating excellent behaviour and manners the whole time they were away. The teachers and I are so proud of how much the children grew over such a short time and how responsible and mature they proved to be.

Thank you to the parents, Ms Lafi Aveau, Mrs Darlene Iosefa and Ms Sue Munoz, who took the time to go and cook and prepare meals for the children allowing us to keep the price of the camp as low as possible.

I'd also like to extend a very warm thank you to the teachers who took the time away from their own families and responsibilities to be able to provide your children with this excellent opportunity.

I hope you are able to express your personal thanks and pride to our children, parent helpers and teachers as you see them.

NAPLAN Results

On Thursday 5 September ACARA identified an error in the placement of the national average markers on the Years 5 and 7 NAPLAN Student Reports for Language Conventions. Importantly the NAPLAN student data is correct.

ACARA made the immediate decision to halt any further packaging and distribution of NAPLAN reports while options regarding the distribution of correct NAPLAN Student Reports were considered.

ACARA is working closely with Test Administration Authorities (TAAs) in every state and territory to ensure correct reports are distributed.

This matter may result in the delay of the distribution of student reports, possibly to the week of 13 October, however ACARA and TAAs will seek to minimise the delay

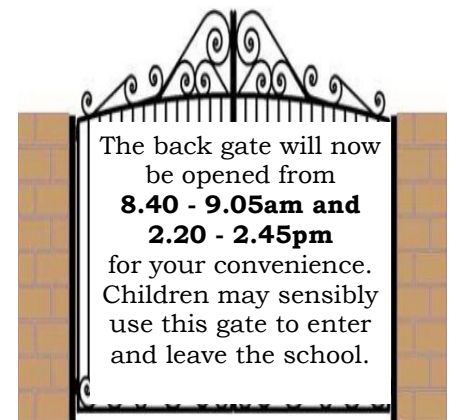

Have a great week!

Debby Meredith
